

Printing a passport photo

Your passport photo must meet all the following requirements.
If you're unsure, you can show this to your photo provider.

- Printed on high-quality, heavy-weight, glossy photo paper.
- Image is in focus, clear and undamaged.
- Background is plain (white or light grey) and unedited.
- No retouching or enhancing of facial features.
- Image is a true likeness of the applicant.
- Original, unedited digital photo is provided where possible.
